NOTES AND ORDERS.

~~Please clear chaser~~

3 Drafts sanctioning are as usual put up There however one deficiency noted in the instance viz that no trees are shown as having been tapped rather as having paid tree tax for the shops in the years 10-11 & 11-12 and the Excise Department is unable to say how in the former year the shop was supplied with toddy & with regard to the latter year a remark is made on the bill that the toddy was supplied from former the depôt at Malavalli Hobli

4 There are only two ways in which a shop can get supplies of toddy

1) from trees tapped for it specially or 2) from some other shop or depot

In the 1st case of tree tax as paid information should be available in the Excise Deptt In the 2nd case the permits issued by the Excise Deptt for the transportation of

~~The~~ Coddy would give the necessary information as to the source of supply. It is therefore not clear how the Excise Deptt say that they are not aware how the Shop was supplied ~~and that the same time~~ ~~remarks that~~ if this is really the case the only inference to be drawn is that ~~either~~ the Shop got its supply illicitly without paying any due tax.

5 A perusal of the bills of the Shop for the year in the limited file only rees are shown as tapped while the Shop rental is Rs. ₹20 of the Excise Deptt. I think a special explanation is necessary in such cases where the number of trees tapped is disproportionate small to the Shop rent paid such disproportion if not satisfactorily explained as due to supplies from some other Shops ~~etc~~ or to the Shop being closed for special reasons ~~etc~~ would merely mean that trees were being
